

Dear Friends in Design:

The Delta Gammas of Greater Kansas City are gearing up for our 8<sup>th</sup> Annual Tables That Bloom. Because of your expertise in floral and table design, we would love you to participate in our exciting event. For many years, local florists and designers have helped us make a difference at the Children's Center for the Visually Impaired (CCVI), Alphapointe Association for the Blind, and the Delta Gamma Foundation, which is Service for Sight and Aid to the Blind. Our success is directly attributed to the amazing talent and dedication in our community. Please join us again to help those with visual impairments.

We hope you will join us on **Thursday, April 19, 2011** at the Overland Park Convention Center. We ask that you design a unique table for our guests to view and dine at the luncheon. With past and present exposure in magazines such as SPACES , The Independent, and other local publications you will receive excellent publicity, have a little fun and help a wonderful cause.

To register, you may go online at <http://www.Tablesthatbloom.com>-It is fast and simple! Please respond by March 7<sup>th</sup> to ensure your company is recognized in our outreach. We hope you will consider lending your talent to this important and exciting event.

Sincerely,

Jennifer V. Westlake  
Chairman
