

The 8th Annual Tables That Bloom luncheon and fundraiser will be held on Thursday, April 19th, 2012 at the Overland Park Convention Center. The Delta Gamma Alumnae of Greater Kansas City sponsor this event in association with our philanthropic mission of sight conservation and aid to the visually impaired. All proceeds will benefit the Children's Center for the Visually Impaired (CCVI) and Alphapointe Association for the Blind, two local organizations, as well as the Delta Gamma Foundation.

Once again, Kansas City's finest designers and florists will create amazing table decorations providing the perfect setting for an elegant luncheon. Prior to the luncheon, a silent auction will take place allowing local businesses to donate items and showcase their companies. Our program this year will include a presentation by Jennifer Bertrand, Designer for the Soul, TV Host, Guest Speaker & Author.

The silent auction plays a significant role in our fund-raising effort. You can help us by donating a tax-deductible item from your organization for the auction. For tax purposes, all donations are made to the Delta Gamma Foundation, a 501(c)3 organization. I would be happy to arrange to pick-up the donation at your place of business or you may mail it to me at the address below.

It is because of companies like yours that our local charities continue to thrive and assist the diverse needs of these special individuals in our community. We thank you in advance for your participation with this worthwhile cause.

Most sincerely,

Brynn Chapman
Auction Chairman
